

Youth Leadership Council

The Youth Leadership Council (YLC) is an ad-hoc committee to the mayor which serves as an opportunity for students to attend various Township Committee meetings, share ideas in a space where change can be made, and improve their understanding of local government.

Participants are expected to attend one to two designated Township Committee meetings and a YLC meeting each month where they will discuss their thoughts and ideas, then share information with the community. Students may also seek out volunteer hours through their participation in the council.

Meetings: The Youth Leadership Council generally meets on the first Wednesday of the month remotely.
